Company Description

Outclass Crystallized Gems is a diamond cutting and polishing company, established in 2015. Situated in In the very heart of Kimberley, South Africa amongst the very souls that are dear to the history of diamonds, our business model is not only based on buying and selling diamonds, but also In reviving the legacy once embraced by the city of Kimberley through creating job opportunities for the fellow youth within the Northern Cape and South Africa as a whole, whilst creating unique experiences for its clients/customers.

We're a young company with big dreams. Our desire is to be one of the key players in South Africa's diamond industry by continually working hard towards building a reputation for honesty and integrity, cutting-edge technologies and community-mindedness.
